 Karelia UAS
 LAB UAS
 Lapland UAS
 Laurea UAS
 Novia UAS
 Oulu UAS
 Satakunta UAS
 Savonia UAS
 Seinäjoki UAS
 Tampere UAS
 Turku UAS
 Vaasa UAS
 XAMK – South-Eastern Finland UAS

Finland's higher education consists of two complementary sectors:

universities promoting research and academic education, and universities of applied sciences (UAS) offering professionally oriented higher education with close connections to the working life.

Universities of applied sciences

offer bachelor's degree programmes (3.5 – 4.5 years) and master's degree programmes (1 – 1.5 years).

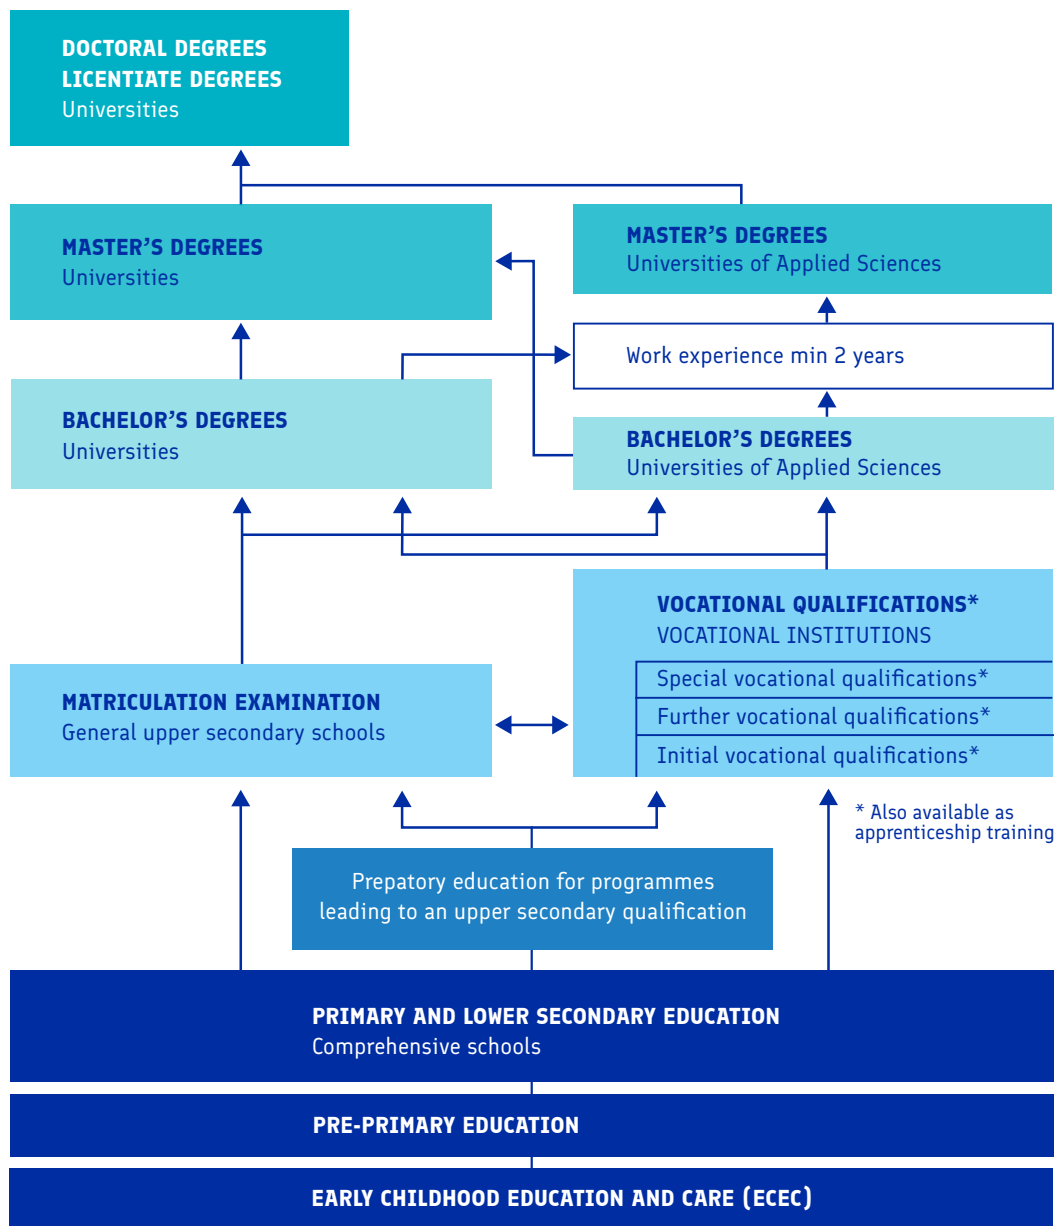

Universities offer bachelor's (3 years), master's (2 years) and doctoral (4 years) degree programmes.

Finnish higher education institutions offer over 500 degree programmes which are fully taught in English. All these institutions offer scholarships for those students who are required to pay tuition fees.

STRUCTURE OF THE FINNISH EDUCATION SYSTEM

FIVE STEPS TO FINLAND

1. Choose your programmes

You can search for your desired programmes at the national database

www.studyinfo.fi

2. Check the admissions information

Learn about the admissions process and application deadlines, also make sure that you know which documents you need to submit.

3. Apply to programmes and scholarships

Make sure you apply on time! All universities have scholarships for those who are required to pay tuition fees. Applying for studies is always free.

4. Wait for acceptance letter

This could be the hardest part! Universities will inform all applicants and those accepted will be guided how to accept the study place offer.

5. Prepare for arrival

If you are from outside EU/EEA area, you need to have a residence permit before arriving to Finland. Make sure you have a valid insurance, apply for housing and buy your ticket to Finland. Congratulations!

”

I FEEL THE COOLEST THING IS THE MULTICULTURAL ENVIRONMENT HERE BECAUSE PEOPLE COME FROM ALL OVER THE WORLD.

Vera, International Business

”

STUDY SYSTEM IN FINNISH UNIVERSITIES IS VERY DIFFERENT. IT EMPHASISES FLEXIBILITY, CREATIVITY AND INDEPENDENCE.

Theodor, Corporate Environmental Management
