# DAY 1

SUOMI  
FINLAND

thisisFINLAND - things you should and shouldn't know -  
This is Finland

Published by thisisfinland1@gmail.com [?] · 7 hrs ·

With electricity and internet access, people in sparsely populated rural areas and impoverished urban areas could access a better quality of life.

They enable digital services such as job searches, education and digital learning environments. An internet connection also opens the door to setting up an online store or order-and-delivery services.

Namibia now has a pilot site for Fusion Grid, a self-sustaining energy production and storage system.
