HAPPY STUDYING AND LIVING

STUDY IN FINLAND

CHOOSE THE LAND OF HAPPY STUDYING AND LIVING!

An adventurous and safe Nordic country with a top-of-the-world higher education system. Finland embraces education for a better life and a brighter future for everyone.

Finland offers over 600 bachelor's and master's degree programmes taught in English and an attractive post-study residence permit to look for employment or start a business. Doctoral studies are also available across a wide range of disciplines.

Finland has 13 universities and 22 universities of applied sciences in several locations around the country.

Join us! Become the independent and creative professional the future workplaces need!

FIVE STEPS TO FINLAND

1. FIND YOUR PROGRAMME

You can search for your desired programmes at the national database **www.studyinfo.fi**

2. CHECK REQUIREMENTS

Learn about the admissions process and application deadlines, also make sure that you know which documents you need to submit.

3. APPLY

Make sure you apply on time! Many universities have scholarships for those who are required to pay tuition fees.

4. ACCEPT YOUR OFFER

This could be the hardest part! Universities will inform all applicants and those accepted will be guided on how to accept the study place offer.

5. START YOUR JOURNEY

If you are from outside the EU/EEA area, you need to have a residence permit before arriving to Finland. Make sure you have valid insurance, apply for housing and buy your ticket to Finland.

Congratulations!

INSPIRING

Stand out from the crowd by choosing Finland!

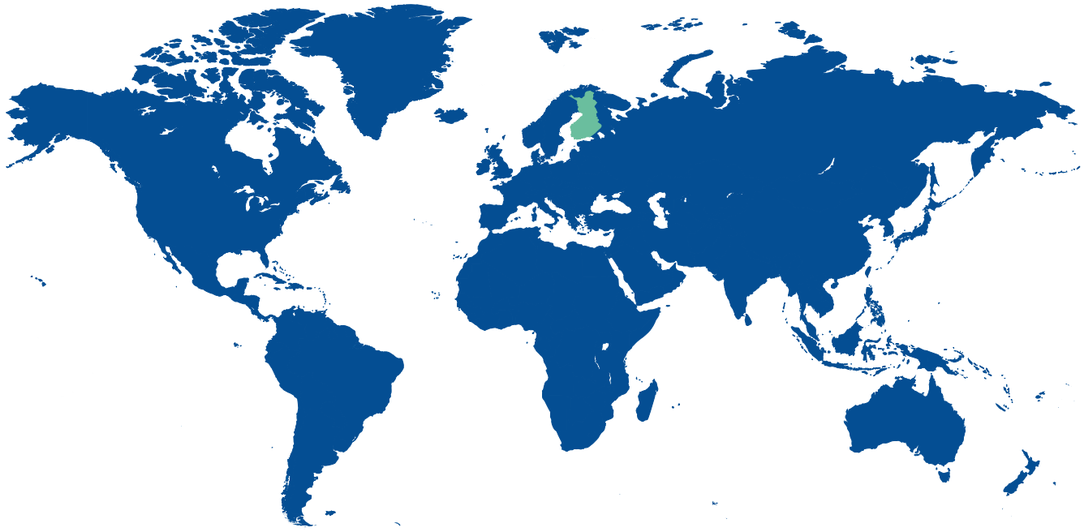

INFORMAL

Discover the flexible study paths and informal atmosphere that wait for you in Finland!

NATURE-LOVING

Ready for a Nordic adventure?

Experience the Nordic way of outdoor life, study in Finland!

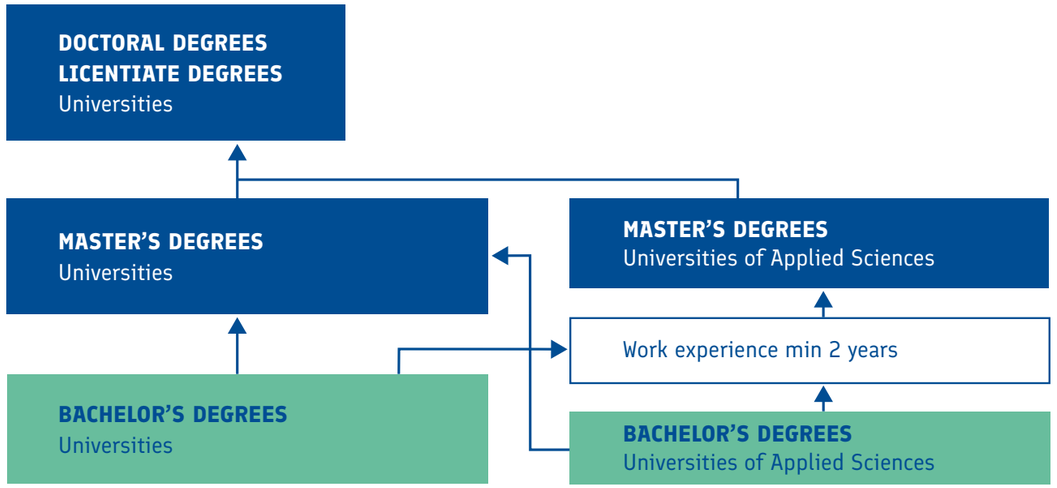

Finland's higher education consists of two complementary sectors: universities promoting research and academic education, and universities of applied sciences (UAS) offering professionally oriented higher education with close connections to the working life.

Universities of applied sciences offer bachelor's degree programmes (3.5–4.5 years) and master's degree programmes (1–1.5 years).

Universities offer bachelor's (3 years), master's (2 years) and doctoral (4 years) degree programmes.
